

MACHEN ARRESTED

After Submitting to an Examination by the Department.

He Is Charged With Receiving \$20,000 in Bribes From One Contractor, Who Made Mail Box Fasteners.

Washington, May 27.—A. W. Machen, superintendent of free delivery service, who was relieved from duty some time ago, was arrested today at investigation of the postoffice department, charged with receiving bribes from contractors. These bribes are supposed to aggregate \$20,000.

FOURTH ASSISTANT

Makes Public Alleged Discoveries of the Department.

Washington, May 27.—Fourth assistant postmaster general Bristow, this afternoon, issued the following statement:

"Mr. A. W. Machen, general superintendent of free delivery service, was arrested at 1 o'clock today. He is charged with receiving bribes amounting in all to about \$20,000, in connection with a contract held by Groff Bros. of Washington D. C. for a patent fastener used on street letter boxes known as the Groff fastener. The postoffice department in the past ten years has used about \$160,000 worth of these fasteners and it is shown by ample evidence that for the past three years, at least Mr. Machen has been receiving 40 per cent of the amounts paid to the Groffs. The transaction of the business was conducted by Driller B. Groff who controls the patent of his brother, Sampel M., a policeman."

The arrest of Mr. Machen was the concluding act of an examination of him which was conducted for three hours today by fourth assistant postmaster general Bristow, Inspector Fosnes, who relieved Mr. Machen as chief of the free delivery system, and postoffice inspector Myer. At the conclusion of the examination deputy U. S. Marshal Springman was called into Bristow's office and made the arrest.

OCEAN GOING VESSELS COLLIDE.

Twenty-two Lives Crushed Out, and British Steamer Huddersfield Has Foundered. Norwegian Bark Is Badly Damaged.

Antwerp, May 27.—The British steamer Huddersfield, which sailed on this port yesterday evening for Grimsby, England, collided with the Norwegian steamer Uto. The Huddersfield is reported to have foundered. From fifteen to twenty of the passengers are said to have lost their lives. The crew were saved. The survivors were mostly seamen returning to England. It is believed the vessels crashed in the collision. The bows of the Uto were damaged.

Twenty Missing. London, May 27.—A telegram from Grimsby says the Huddersfield carried 29 emigrants and five other storage passengers. Twenty of the emigrants are missing. The remainder were taken ashore in the boats with the crew of the Huddersfield.

Twenty-two Perish. Antwerp, May 27.—It was ascertained here later that 22 Austrian and Italian emigrants perished when the Huddersfield sank.

WHY COLORED PEOPLE LEAVE

the Country, Is Explained by Booker T. Washington in His Tuskegee Report—Poor Schools and Lynchings Lead.

Tuskegee, Ala., May 27.—Booker T. Washington today submitted his annual report to the board of trustees of Tuskegee Institute. It is in part as follows:

There are several influences that constantly exerting themselves against the negro growing up on the present. One of these is the lack of public school facilities in the negro district and the frequent and intense agitation of the question of dividing the school fund in proportion to the tax paid by each. In the cities and larger towns

the negro parent finds a comfortable school house and a school in session eight or nine months. Another thing which sends a large number of negroes to the cities than many realize is the service of getting police protection in the city when one is charged with crime. I think I do not overstate the matter when I say that for every lynching or attempt at a lynching that takes place in the country a score of colored people leave the country for the city. This whole question is one that should receive very serious attention."

TRICKEN WITH HEART TROUBLE.

Millionaire Manufacturer Under Indictment for Manslaughter Suddenly Expired. Served on State Fish and Game Commission.

Min. O., May 27.—Col. Albert C. Brewster, the millionaire, who was indicted for manslaughter, charged with killing Luther A. Sawyer in a sawmill, died here of heart disease. His trial was put off from time to time, but for June 15. Today is the anniversary of the death of Hershey and Brewster were current Col. Brewster committed suicide, but they are denied by the attendant physicians. Col. Brewster was a prominent manufacturer, being the founder of the Brewster Pottery Co. of Lima. He served on the state fish and game commission and on Governor Bushnell's staff.

COUNCIL Of Bremerton Near Government Navy Yards

Will Protect the Sailors and Ship Building by Closing All Saloons.

Seattle, Wash., May 27.—The people of Bremerton, have taken steps to comply fully with all requirements of the government regarding the closing of saloons. In a written communication to the commandant of the Bremerton Navy Yard, Mayor Croxton has notified that official that the council has passed resolutions which will not only result in the removal of every saloon within the near future, but which places the council on record as pledged against the issuance of any more saloon licenses.

NEW HOTEL

On Fire Island Licked Up by Flames.

New York, May 27.—The new hotel on Fire Island, built by Sire Brothers, of New York, was destroyed by fire early this morning. The only occupant at the time was J. A. Bailey, the caretaker, who had a narrow escape from death.

The loss is estimated at \$150,000.

COLLISION

Between Freights on the Southern Railway

Causes Death of an Engineer—Three Firemen Are Missing—Trains Destroyed.

Birmingham, Ala., May 27.—Two freights on the Southern Railway, one of a double header, collided near Bryan, Ala., today. The dead.

Engineer Action. Missing: Engineer Chester. Three firemen names unknown. Fatally hurt: Engineer Johnson. Brakeman J. D. Hill. Both trains were destroyed by fire.

PLANS

Have Been Completed for a Reorganization

Of U. S. Ship Building Company—Will Be Submitted to Security Holders.

New York, May 27.—The plans for the re-organization of the United States ship-building company, have been completed by George R. Sheldon and probably will be announced this afternoon. Lewis Nixon, president of the company said today:

"The re-organization, is of course, in the hands of security holders, and as an official of the company, I shall take no part. The impossibility of using the treasury bonds for working capital and the urgent need of greater facilities, would have used up all the earnings for several years. Now money earned will be available for dividends, and I shall recommend to security holders, the acceptance of the new plans as being in their interest, as they provide the needed facilities and ample cash working capital."

KEEP SWORN IN.

Washington, May 27.—Charles Haljam Keep, of Buffalo, recently appointed assistant secretary of the treasury, to succeed Milton E. Ailes, resigned, was sworn into office this morning in the presence of secretary Shaw and a number of other officials of the department. Mr. Keep entered at once upon the discharge of his new duties.

LAWRENCE SUCCEEDS MILLER.

Washington, May 27.—Edwin W. Lawrence, of Rutland, Vt., was today appointed assistant attorney general for the postoffice department to succeed Daniel V. Miller, recently removed. Mr. Lawrence is a member of the Vermont bar. The investigation of affairs in the assistant attorney general's office, continues, but there were no further developments today.

RELIANCE IS A WONDERFUL BOAT

But Captain Rhodes of Constitution Thinks Old Defender Has Chance to Again Take That Position—Race Tomorrow.

Glencove, L. I., May 27.—That Captain Rhodes of the Constitution believes with other observers of yesterday's yacht race that the Belmont boat is formidable candidate for cup defender is evident from his comment today. He said:

"It was a sharp, close race and the margin of victory was slender enough to make future contests an interesting uncertainty. We hope to do better next time but we realize that the Reliance is a wonderful boat."

Both the older boats were at their moorings off Glencove today while their crews overhauled their sails and rigging. The Reliance lay at her mooring at New Rochelle. Tomorrow and Saturday the three boats will again race off Glencove.

SECRETARY FOR IRELAND

Says Department of Agriculture Will Organize Special Exhibit.

London, May 27.—The Irish department of agriculture has decided to organize a special exhibit of Irish industries for the St. Louis exposition. The secretary for Ireland, Mr. Windham, in making the announcement in the house of commons today, said the department had been informed that if it undertook the organization of an exhibit a special pavilion would be provided from American sources. The department was now in correspondence on the subject with the royal commission, whose co-operation in the project had been secured.

TEN CASES, SIX FATAL.

Bubonic Plague Has Broken Out Violently in Chilean Seaport.

Santiago, Chile, May 27.—The report that cases of bubonic plague had been discovered at the Chilean seaport of Iquique is confirmed. There were ten cases Monday, six of which were fatal.

The authorities have taken all the steps possible to prevent a spread of the plague. The disease was brought to Iquique in a cargo of rice from India.

WHOLE TOWN WAS RUINED

By Storm Which Traveled Iowa Yesterday. Number of Lives Lost.

Des Moines, Ia., May 27.—When wire communications with interior towns was opened up today, it became apparent that yesterday's tornado caused far greater loss than was at first reported. A report early today from Boone in Shelby county, received by way of Audubon, says that the town of Boone was completely demolished, and that many farm houses near that place were wrecked. At Boone, a large church and the Great Western depot are among the buildings known to have been wrecked. No definite record of casualties from there had been received up to 11 o'clock today.

At Creston 19 dwellings were blown off their foundation and Mrs. S. E. Troop and daughter were injured in the wreckage of their home. Ten miles north of Gray, Audubon county, two children are reported killed in the wreckage of a farm house, and five others injured seriously. All were occupants of one house.

One More Death.

Des Moines, Ia., May 27.—Another death was reported today as a result of the tornado, in south Des Moines, last night. The home of Richard Wallace, a carpenter, was destroyed, and in a fire that followed, a three-year old daughter was burned to death being buried under the debris.

The Des Moines river is rising an inch every two hours today, with every prospect of exceeding the high-water mark of a year ago. Many persons are leaving their homes in the bottoms. Stock is being removed from factories with all possible speed. At Marshalltown, last night, a big brick smoke stack was blown down, and crashed through the roof of the hospital of the soldiers home, but no one was injured.

ONE HUNDRED SHOTS WERE FIRED.

Serious Outbreak at Big Q Mines in West Virginia. One Guard Was Killed During the Battle.

Thurmond, W. Va., May 27.—The first serious outbreak since the late strike order was issued, occurred at the Big Q mines on Laurel Creek not far from here. For several days the strikers at that point have been making an effort to induce the non-union men to join their ranks. Last evening, the strikers began marching in a body toward the mines. The guards on duty a half dozen in number at sight of the marching body, opened fire. The strikers quickly returned the fire but as they were yet at long range, the shooting was not effective and only one person, Marshall Brown, a guard, was killed in the battle. Several received serious injuries. Brown was shot through the stomach by the bullet from a Winchester, and lived but a short time. More than one hundred shots were fired before the strikers retired. More trouble is anticipated today.

CRUZEN CHARGED

With Irregularities in San Juan Collector's Office.

Is Said to Have Permitted Ships to Enter Without Inspector on Board in Return for Presents.

San Juan, Porto Rico, May 27.—As a result of the visit here of customs inspector Leslie M. Cullom, charges have been filed at Washington against collector Cruzen, alleging irregularities in the conduct of the San Juan office. According to affidavits submitted with the chief collector, Cruzen received unlawful emoluments, permitted ships to visit island ports without an inspector on board in return for presents made to him, and unlawfully demanded cigars from shippers. The collector is absent now, but on his return, a reply from him is expected.

Some Mollification.

Washington, May 27.—The treasury department today made the following statement regarding the report cabled

from San Juan to the effect that collector Cruzen has been charged by inspector Cullen with smuggling, etc. "The investigation at San Juan was the regular investigation of the Port ordered by the treasury department, as it orders investigations of all other ports at least once a year. Irregularities were reached by the agent. The collector was accused of receiving presents of tobacco and liquors. In explanation the agent said that they were given to him voluntarily. The collector has been severely censured by the department for his indiscretions and the irregularities of administration disclosed by the report of the investigation officer has been corrected. The report did not disclose any overt act of dishonesty."

HELD EARLY TO SUIT QUAY

Who Must Go Fishing. Roosevelt Endorsed, Libel Law Ignored.

Harrisburg, Pa., May 27.—The republican state convention today endorsed President Roosevelt for re-nomination, and declares against any change in the present tariff schedule. The state administration was strongly endorsed and no mention was made in the platform of the Grady Salus libel law enacted by the recent legislature. United States Senator Quay declined to accept re-election as chairman of the state committee, and his colleague, Senator Boies Penrose, was chosen his successor. The convention was remarkable for the unanimity with which it disposed of its business, and the lack of contest for the four places on the state ticket. Senator William P. Snyder, of Chester county, was nominated for auditor general; Wm. L. Matthews, of Delaware county, for state treasurer, and Judge Thomas L. Morrison, of McKean county and J. J. Henderson, of Crawford county, for superior court judges. Judges Morrison and Henderson are at present, members of the superior court by appointment of the governor, and their nomination is for the full term of ten years.

The convention was held much earlier than usual in "off year" on account of the desire of Senator Quay and other party leaders to be away during the convention. Mr. Quay was not here during the convention and his interests were in charge of Senator Penrose, and other lieutenants, who have been on the ground since Monday. Henry F. Walton, of Philadelphia, was speaker of the house of representatives was permanent chairman, and Congressman Henry Habington, of Philadelphia, was chairman of the resolution committee.

GREAT FASHION SHOW IS PLANNED

For Opening New York Season. It Will Include Every Kind of Apparel Worn by the Gentler Sex.

New York, May 27.—A great fashion show has been planned to open in this city, Sept. 1, at Madison Square Garden, to continue until Sept. 14. This will be the opening attraction at the big garden for the coming season. The exhibited is designed to show every kind of apparel worn by women, in process of manufacture and in finished form. Not an article on exhibition will be sold. Everything will be presented in so attractive a form, from the point of the wearer, as to be educational in value. Already manufacturers all over the country, and Europe, have expressed confidence in the purpose of the exhibition, and have signified their willingness to exhibit their goods from all commercial centers, throughout of the country. Manufacturers and buyers attached to the leading business houses, will attend the exhibition.

CABINET WILL REMAIN

And Continue Investigating Alleged Frauds in Issuing Haytian Gov. ernment Securities.

Port Au Prince, Hayti, May 27.—President Nord has refused to accept the resignation of the Haytian cabinet, which was tendered Monday. The ministers retain their post today, with the understanding that the cabinet will continue the investigation into

the alleged extensive frauds in the issuing of Haytian government securities, amounting to \$2,000,000. It was the occasion of the cabinet to a commission of investigation which will continue the investigation into

THE WEATHER.

Wednesday, May 27.—For Ohio:
Showers and cool tonight and on
Thursday.

The pen may be mightier than the
sword, but it isn't in with Quay.

It does seem practically impossible
for any one man to continue to be it,
all the time.

The war cry "Hanna will have to
fight or retreat" has been rewritten
and now goes: "Hanna has retreated."

Practically every republican poli-
tician in the city attended last night's
meeting of the colored debating club.

There were whisperings, and low
hushed talks among the four years
soldiers' representatives of this city to-
day, and they seemed to say, that
something had happened that "old
man Hanna's power

And now it is "Fire Alarm" again, in
place of just plain lame, harmless
Joey B. There is no telling what will
happen, now that he has his crown
shorn; warm. It wouldn't be any very
great surprise to see him wave again,
the bloody shirt.

The president must have sent two
messages to Hanna—one telling him
that he insisted on having the endorse-
ment of the Ohio republican conven-
tion for renomination—the other whis-
pering a few sweet things about
what would happen to certain Ohio
office seekers if Hanna didn't get off
his perch. The bluff worked, and Han-
na came down about as hard as any
public man ever did.

There is at least one lighthouse in
the world that is not placed on any
mariner's chart. It is away out on the
Arizona desert and marks the spot
where a well supplies pure, fresh
water to travelers. It is the only place
where water may be had for at least
thirty miles in any other direction.
The house consists of a tall cotton-
wood post to the top of which a lantern
is hoisted every night. The light
can be seen for miles across the plain
in every direction.

BRINGING UP A FAMILY.

As the days go by we continue to
gain more and more information re-
garding Miss Alice Roosevelt.

One day we read that she has
broken down under the strain of the
social whirl. The next day we learn

that she has fully recovered and is
selling dill pickles, while wearing a
sunbonnet and a calico dress. Then
comes a story that some young lob-
ster is courting her, and that is fol-
lowed by a long and detailed account
of the automobile she is going to pur-
chase and what she is going to do
with it.

It is really sad that a girl scarcely
out of her teens should have so much
publicity. It is bound to spoil her.
The head of any girl would be turned
by it. No doubt a portion of the pub-
lic likes to read such stuff, so the
newspapers print it, but of what are
her father and mother thinking to per-
mit it?

President Roosevelt is an advocate
of large families. This is large, but if
the several members of it are to have
so much notoriety it would be better
if the family were small—Toledo

FOSTER'S FORECAST.

The prevalence of turbulent weather
in the west and southwest portion of
the country, has called attention to
Foster's weather prognostications,
as being more correct than the signal
service bureau. He says for the bal-
ance of May.

The next disturbance will reach the
Pacific coast about May 28, cross west
of Rockport by close of 29, great cen-
tral valleys 30 to June 1, eastern
states 31 to 1. Warm wave will cross
west of Rockport about May 28, great
central valleys 30, eastern states June
1. Cool wave will cross west of
Rockport about May 31, great central
valleys June 2, eastern states 4. This
disturbance will belong to a high tem-
perature period, it will be followed by
a ten days low temperature period,
will bring general but not heavy show-
ers and altogether will be favorable
to growing crops. About date of this
bulletin we will be in a long decline
of temperature that will reach its low
point on meridian 90, not far from 28,
and by that time general showers will
have fallen. Temperature of the week
ending June 1, will average below
rainfall about normal, too cool for
corn but more favorable corn weather
will follow. The Denton Texas, Re-
corder of recent date editorially says,
"Foster's weather forecasts published
exclusively in Denton county by the
Record and Chronicle, is one of the
most valuable special features of the
paper. His forecasts are usually accu-
rate, as has been noted by those who
have kept up with them, and last
week his long range forecasts made
fifteen or twenty days before, beat
the government weather bureau bulle-
tin, sent out twenty-four hours in ad-
vance, badly." Next bulletin will give
general forecasts for June and will be
of special interest because that is one
of the principal crop making months.

Yesterday.**

One of the handsomest trains ever
sent out of Lima, is now made up on
the Chicago-Cincinnati division of the
C. H. & D., all of the work of refinish-
ing having been done in the local
shops. Four weeks have been occu-
pied in the work, and in that time, a
complete vestibuled train has been
made as good as new. The cars con-
sisted of baggage, mail and express,
smoking, ladies, and dining and parlor
car combined. Each car bears the new
monogram of the company which is in
blue, instead of black, and all are ele-
gantly polished. As fast as one was
completed, it was forwarded to the
Cincinnati division, and the last car
was taken away yesterday.

 fire to their property. The company
 is endeavoring to prove that the en-
 gine was of late pattern, with spark

 it is not responsible.

BIG WELL

**Brought in on the Boose Farm
This Morning.**

G. W. King, drilled in one of the
 largest wells completed in this section
 of the oil field for some time, this
 morning, when he shot No. 1, on the
 Boose farm, about one and a half miles
 east of town along the Findlay road.

A large crowd of spectators was
 present to see this well shot, as there
 has been considerable interest dis-
 played in it because of the splendid
 showing it has made since reaching the
 sand. When the shot was exploded,
 the well sprayed for fifteen min-
 utes, the oil shooting over the top of
 the derrick to a height of nearly fifty
 feet. The well showed up as well or
 even better than had been expected,
 and will make at least a 150 barrel
 producer.

G. W. King now owns the lease of
 90 acres which is entirely surrounded
 by some of the best production in Al-
 len county, but O. G. Tague, holds an
 option on the lease for \$8,000, and it
 now looks as if Mr. Tague is the for-
 tunate man, while doubtless Mr. King
 is sorry he gave the option. We un-
 derstand that Mr. King offered to buy
 the option from Mr. Tague for a sum
 considerably in advance of the \$8,000
 after the well had been shot this morn-
 ing, but Mr. Tague refused to sell.
 The lease will allow of the drilling of
 nine more wells, and as it is entirely
 surrounded by production and this
 well is located in the center it is safe
 to say that every well will be a splen-
 did one.

 and threatened with arrest by constable
 Roney, another youth named
 Winemiller interposed using language
 that did not please the officer. Roney
 grabbed Winemiller and marched him
 to the police station followed by a
 mob of high school youths who gave
 their class yell and threatened to mob
 the constable, and rescue their com-
 panion. A clash did not occur, how-
 ever, and constable Roney released
 his prisoner after taking him to the
 police station.

a High Tension Wire at
the Power House.**

Clark McClaren, of St. Marys, a
young man, who was employed in the
Western Ohio power house at St.
Marys, was instantly killed there at 1
o'clock this morning. He was work-
ing a night trick at the power station
and had stooped over near the base
of a machine and as he arose he came
in contact with a high tension wire
and was killed instantly by the terri-
fic current.

The unfortunate victim was unmar-
ried.

THE MARKETS.

New York, May 27.—Buying orders
on a considerable large scale were exe-
cuted at the opening for some of the
prominent speculative stocks, causing
large fractional advances. United
States Steel preferred rose 3/4, and St.
Paul, Missouri Pacific, Rock Island
and National Railroad of Mexico pre-
ferred, gained upwards of 1/2. Con-
solidated Gas selling ex-dividend
rose 1 1/4. There were fractional de-
clines but the general tone of the
market was firm.

The firmness of the market was un-
dermined by free selling of Rock Is-
land, the large offerings of this stock
intimated some misgivings. Realiz-
ing in the United States Steel stocks
and Southern Pacific also contributed
to a general reactionary movement,
but the losses were small. Purchases
of large blocks of Pennsylvania car-
ried it above 128. Some of the trans-
continental stock recovered to the
opening level. Rock Island, however,
continued heavy. Important gains
were scored in minor properties, Min-
neapolis and St. Louis rising 4 and
National railroad of Mexico preferred,
Delaware and Hudson, the Iowa Cen-
tral stocks, Southern Railway pre-
ferred, the Minneapolis, St. Paul and
Raulte Ste Marie stocks, General Elec-
tric, Twin City Rapid Transit and Ten-
nessee coal 1 to 1 1/4.

**WHAT WILL
CHICAGO DO**

**With Laundries and Eating Houses All
Closed and Waiters on a Strike.**

Chicago, May 27.—No concessions
will be made by the 12,000 cooks, wait-
ers, waitresses, kitchen helpers and
porters, according to a statement is-
sued by their union today if the wage
scale is not accepted by Monday, it is
declared, a strike will be called. The
workers are asking for a 10-hour day
and about the same wages that are
paid for 12 and 14 hours now in the

better class of establishments.

The restaurant keepers association,
on the other hand, announces that a
strike in one restaurant will be the
signal for a general lockout. Nearly
every restaurant in the downtown dis-
trict is a member of the employes
association and it is said that in event
of a strike the doors of all will close
simultaneously.

ROYAL FAMILY WENT TO DERBY

Followed by Every Strata of Society, Some in Chaises, and Some Walking--Rock Sand Won the Event.

London, May 27.—The crowded state of the roads to Epsom, bore eloquent testimony to the devotion of Londoners to the traditions of derby day. The weather the presence of members of the royal family and the international character of the field for the great race all contributed to ensure something like a record attendance. The aristocratic and democratic levels of society, with all the intervening strata were early on the move. By 3.30 a m. a never ending stream of vehicles of every conceivable kind was in full flood. FORTY-SEVEN ALBANIAN CHIEFS

Exiled to Asia Minor Pass Through the Bosphorus Bound For a Black Sea Port. Many Families Fleeing.

Constantinople, May 27.—Forty-seven Albanian chiefs who have been exiled to Asia Minor passed through the Bosphorus Monday evening on board a transport bound for a Black sea port. The Servian legation has notified the Porte, that the situation in old Servia is compelling families to seek refuge in Servia.

COX TALKS RIGHT OUT.

Cincinnati, O. May 27.—When the attention of Geo. B. Cox was called to a statement emanating from a prominent Ohio Republican to the effect that Senator Hanna would be a presidential candidate next year, Mr. Cox is quoted as having said: "I don't believe it. I don't believe that Hanna is a candidate. I think Hanna has stated his reasons for fighting the indorsement resolution as plainly as any one could wish. I'll say this though, with Roosevelt out of the way no one could prevent the next Republican national convention from nominating Hanna. He is the most popular man in America today."

HERPICIDE NOT A FAKE.

Unsolicited Testimonials Tell Of Its Superiority.

Alf R. Kelley, residing at 2195 Devisadero street, San Francisco, Cal., writes the following: "When I first purchased Herpicide, I thought, like the majority of hair preparations, it would prove a fake. I am happy to state that on the contrary it is, and even more than you claim for it. Quite a number of barbers throughout the section in which I travel have called attention to the new hair sprouting out on my scalp and inquired of me what I have been using. I tell them 'Herpicide,' also give them your name and address."

POINTED PARAGRAPHS.

A man's temper improves with disuse. A well wisher is one who invests his coin in oil lands. The will of the people disabers a good many candidates. Every fondness for apples was a mighty good thing for tailors and dressmakers. The labor question will never be solved until the necessity for work is eliminated.

A wise man doesn't believe all he hears, and a fool believes a good many things he doesn't hear. When some men have to walk home on a very wide street it takes them all night to get there. If a man wants to get a line on his popularity as a speaker let him hire a hall and charge 50 cents admission.—Chicago News.

BIG ELECTRIC MORTGAGE.

Canton, O. May 27.—Attorney I. S. Miller has filed a \$2,000,000 mortgage for record in the recorder's office. The mortgage is given by the Akron Alliance connecting railway company to the Eastern Trust company of New York. It secures the issuance of \$2,000,000 in bonds which will be taken up by the trust company. The Akron Alliance connecting railway company will upon its completion line from Alliance to Akron a distance of thirty miles. The company also promises to build an extension from Alliance to East Liverpool a distance of 42 miles.

MISSIONS

The Subject of Yesterday's Presbyterian Session.

Report Shows That Branch of the Church Work in Fine Condition.

Los Angeles, Cal., May 27.—The important subject of Home Missions and its corollary—evangelical work among the churches, occupied the attention of yesterday's session of the Presbyterian Assembly. The Rev. Dr. Holmway, of New Jersey, chairman of the board of Home Missions, presented the report of the committee. It was as follows:

This has been a year of unusual evangelistic effort. Through the labors of the Evangelistic Committee, many churches have been quickened and many fields have had carefully planned services that could have had none but for the help of this committee.

Another significant fact is that two more synods—Wisconsin and Iowa—entered on the support of their own work. While this means for the present less than formerly for our treasury from those synods yet by releasing the fund hitherto contributed to them additional work in newer sections of the country may be taken up. The various plans of the self-supporting synods have their unity in equal loyalty to the general work of Home Missions and their success along various lines is hailed by the Board with the liveliest satisfaction. It will welcome the tidings that other synods are joining the same noble ranks and will cooperate with them to the full extent of its power.

Another fact of interest and value is the Missionary campaign carried on in eastern Presbyteries in conference, conventions and individual churches. The needs and opportunities of the great Home Mission work have been presented by men from all over the country. There have been many conversions and many souls are being brought into the fold. The hold of the church on working men—the large and important element of the population—is not what it should be. The past year has signally illustrated the power of the working men at any moment seriously to affect economic conditions. It is believed that only the gospel of Christ can solve the grave problem which is thus presented to the country. It is of the utmost consequence that the church should be aroused to the necessity of doing more than she has ever done to strengthen her hold upon the working classes.

The large reduction on the debt of the Presbyterian building calls for grateful recognition. The little that remains will be benevolently used as a part of the fund for the support of the work at home and to foreign missions.

The literature department records with gratitude the most successful year of work in its history. The Yoman's Board reports 159 missions and schools with 492 missionaries and teachers, and 107,833 pupils. 137 Sabbath schools with 10,778 scholars, and 103 Young People's societies with a membership of 22,018.

The spirit of fraternity is abroad in the home mission work and the federation of churches for united endeavor is a cause which is gaining in the west as in other parts of the country. An examination of the work of the Presbyterian church among the foreign populations of our country makes it plain that we have scarcely begun to do our duty in this important respect. During the past year the claims of the foreigners have been thrust upon the attention of the church in the country at large as never before. We must evangelize them or be increasing coming to our shores will no good to the Republic.

From all over the Home Mission field comes earnest calls for men. The chairman was followed by the secretary of the board, the Rev. Chas. L. Thompson, D. D. of New York, who spoke at length upon the subject. At two o'clock the report of the standing committee on aid for colleges was conducted and discussed. Moderator Coyle has announced his appointments of chairman of the various boards and standing committees.

Too Great a Risk. In almost every neighborhood someone has died from an attack of cholera or cholera morbus, often before medical aid could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can be relied upon in all cases. For sale by Wm. M. Melville, old postoffice corner

WOMEN WHO FORCE THEMSELVES TO WORK.

Women Who Suffer from all Manner of Uterine and Ovarian Troubles, Weak, Nervous, Bloodless, Melancholy Women Find a Positive Cure in

Dr. A. W. Chase Nerve Pills

A Medicine That Goes to the Root of the Trouble and Cures to Stay Cured by Giving to the Weak-ned Sluggish Organs the Energy, Vigor and Tone Necessary to Successfully Perform Their Several Duties.

A NERVE TONIC NEVER EQUALLED

THIS SHAPED BOX—NO OTHER

Every day sees an army of worn-out women dragging themselves to work or forcing themselves to attend to the household duties—women whose whole trouble lies in an over-strain or over-exertion at some time in the past—women who stay in this condition and think themselves beyond repair, because they know nothing of the wonderful power of the Dr. A. W. Chase Nerve Pills to give them back their health strength and vitality by their ability to resupply the lost nerve energy to build up the system to manufacture good rich blood and give increased weight by making the digestion strong and vigorous.

Mrs. Ella Smith, of 48 Miller street, Newark, N. Y., says: "Last summer I was so weak I staggered when I walked. I was very nervous, easily excited, could not rest nights, blood thin the appetite poor hands trembled—I was indeed in a low stage of health. About this time I got a box of Dr. A. W. Chase's Nerve Pills, and though everything else had failed these pills put me on my feet in good health and that quickly too. It was not long before I was eating and sleeping well—the nervousness and trembling gone—the blood rich and my strength back. They are a grand medicine and as a consequence, I am again vigorous and strong in every way."

LIMA, OHIO. Mrs. A. Hugheson, of 730 north Union street, Lima, Ohio, says: "I needed a good tonic—something that would build me up and invigorate my tone, build up the digestion and enable me to digest food as I should as well as steady the nerves. I went and got Dr. A. W. Chase's Nerve Pills at Melville's drug store and found in them what I needed. They have given me health, strength and vigor steady nerves and a good digestion—all I can ask and I am well pleased."

BEWARE OF IMITATIONS—Signature and portrait of Dr. A. W. Chase on each box of the genuine. For sale by dealers, 50c a box, or Dr. A. W. Chase Medicine Co. 237 Washington street Buffalo N. Y.

STRIKES YOU ANYTIME!

Never Know When a stitch, a twitch or crick in the back will strike you. The aches and pains of a bad back strike you at anytime. Kidneys will go wrong, and when the kidneys fail the back generally fails, too. Backache comes to the busy man, to the mechanic, the laborer, to women, old and young; to all who have sick kidneys and kidneys are no respecter of person, time or place. They will get sick when you overtax them.

Doan's Kidney Pills.

CURE all kidney complications. Backache pains and the early symptoms are readily relieved with a few doses. Continual use of this greatest of kidney specifics, rights all resultant conditions of deranged kidneys and bladder, such as impure blood, rheumatic pains, headaches, sleeplessness and nervous trouble. The best of proof that this is so.

LIMA TESTIMONY.

COLE STREET.
James M. Carter, of corner of Cole street and Allentown road, says: "I suffered from kidney trouble for seven or eight years, and during that time had professional treatment, used a great many different remedies, obtained no relief, and in place of getting better, I gradually grew worse until the secretions from the kidneys became distressing and annoying and deposited a lime-like sediment. There was a constant soreness and stiffness through my back, making it very painful for me to stoop or lie. I could not rest well at night, and rose in the morning feeling worse and more tired than the night before. I was strongly advised to take Doan's Kidney Pills, and procured them at Melville's drug store. I commenced to feel better in a short time and I improved steadily until the trouble was thoroughly under control. I never had a medicine which gave me such perfect satisfaction."

NORTH WEST STREET.
Mrs. James McClintock, of 741 north West street, says: "For eight or nine years I had weakness of the back and kidneys. There was a tired, heavy aching pain constantly through my

loins, not sufficiently severe to confine me to the house, but it was a continual source of worry to me. I tried different remedies, but nothing seemed to do me the least good until seeing Doan's Kidney Pills highly recommended I procured a box of them at Wm. Melville's drug store and commenced the treatment. I felt benefited almost at once from the results obtained, and have no hesitation in recommending Doan's Kidney Pills for I believe they are all they are represented to be."

SOUTH UNION STREET.
L. Van Pelt, shoemaker, of 121 south Union street, says: "I told the gentleman who called upon me early in the summer of 1896 that I had procured Doan's Kidney Pills at W. M. Melville's drug store, and that their use had radically disposed of pain across the back and muscles toward the shoulder blades. A constant aching of the loins was very depressing, and when freed of the annoyance I was only too pleased to make known the means employed. It is now more than two years since I first publicly expressed my opinion of Doan's Kidney Pills, and emphatically declare

Never Know Where a simple ache in the back will end. Backache pains, irregularities of the urine, infrequent or too frequent urinary discharges, painful passages, incontinence are beginnings in kidney ills. Let them run, neglect them, fail to relieve the congested or inflamed condition. In a few months, few weeks, few days, 'tis dropsy; diabetes, Bright's Disease that faces you.

Doan's Kidney Pills.

CURE inflammatory conditions of the kidneys and bladder. Dangerous neglect of any kidney sickness leads to a score or more of serious bodily ills, that once they have a hold on the system, 'tis one long drawn struggle to get rid of them—to get well. One remedy will do this, and it is easy for you to prove its merits.

that the said opinion is stronger to me, that I did not thoroughly believe that Doan's Kidney Pills acted as represented, and if I had not from actual experience proved in my case that the remedy positively stopped an attack of backache which I had had for some time, I could not be induced to publicly recommend the preparation. It takes very little stretch of the imagination for a man to reason that what did him such good service in the past can be appealed to again and again should recurrences take place in the future."

EAST NORTH STREET.

R. Edmund, of 418 east North street, a machinist, employed at the D. & M. Ry. shop, says: "I was troubled for a long time with my back and kidneys, and it was only after using Doan's Kidney Pills, sold at W. M. Melville's drug store, that I got a remedy that was effectual in relieving me. I suffered much from constant aching pains through my loins and if I stooped, sharp twinges of pain caught me. The kidney secretions were irregular, unnatural and distressing. It was from the fact that I know others here in town who found Doan's Kidney Pills reliable and effective that I concluded to try them. I am now glad that I did, for they relieved me promptly and effectually."

NORTH WASHINGTON STREET.

Elios G. Connor, of 218 north Washington street, in Mrs. F. Light's millinery and ladies' furnishing store, 134 north Main street, says: "When I was foreman at the U. D. Publishing House, Huntington, Ind., in 1900, I used Doan's Kidney Pills and obtained very satisfactory results. I stated

to a representative who called upon me, that I did not thoroughly believe that Doan's Kidney Pills acted as represented, and if I had not from actual experience proved in my case that the remedy positively stopped an attack of backache which I had had for some time, I could not be induced to publicly recommend the preparation. It takes very little stretch of the imagination for a man to reason that what did him such good service in the past can be appealed to again and again should recurrences take place in the future."

Greenlawn Avenue.
Mrs. W. R. Leedom, of 757 Greenlawn avenue, says: "For five years I had constant aching through my kidneys. My back was sore to the touch, so much so at times that I could not rest nights and rose in the morning feeling tired and worn out. The kidney secretions became unnatural and distressing. I used a great many different remedies but with little success. I was advised to use Doan's Kidney Pills, and procured them at Melville's drug store. They went to the right spot at once. I rapidly grew better and was soon feeling as well as ever."

Story of a Halter Strap, Frightened Horse and Fatal Result.

N. Y., May 27.—With a halter around her wrist and a frightened running at top speed, Rena of Northwestern, was dragged mile over a rough highway.

Webster, who was twenty feet behind the colt to allow it the highway. While the animal

was feeding she sat down by the roadside and engaged in sewing. To prevent the animal from going away, she fastened the end of the long halter rope to her wrist. The colt suddenly became frightened and ran away. Miss Webster was dragged headlong into the roadway and the horse ran in to the village of Northwestern, dragging the girl at the end of the rope.

CONCEDED

That Montreal Strikers Have Been Beaten.

Heavy Fines and Imprisonment Imposed on Leaders in Disturbance.

Montreal, May 27.—The fourth day of the street railway men's strike, accentuated the general recognition of the fact that the men are beaten. The leading event of yesterday's proceedings, was the sentence of six months imprisonment with hard labor, imposed upon Joseph Limoges, a conductor, for his part in the trouble on St. Bonnie street, on Sunday evening. Limoges took a sign board off the car and with it proceeded to belabor a policeman. Limoges was formerly a policeman.

Twenty six other cases were before the court. The case against business manager Aubert, of the union, was adjourned on request of his counsel, but application for bail was refused. The other cases were principally on charge of intimidation. Fines ranging from \$2. to \$15 were imposed upon 17 prisoners, the other cases being remanded.

ATCHISON GLOBE SIGHTS.

It is no compliment if a friend comes fifty miles to your wedding, but it is a great tribute if he comes five miles to your funeral.

Whenever we use the word "accomplished" in describing a bride, we are glad that we don't have to tell just what it means.

A man is just about as good as the best of them, if his wife doesn't have to stuff her purse with samples to keep it from looking fat.

What has become of the old fashioned women who went to the cellar to make cobweb pills when any of the family had a fever?

The winter has really been too long; women's hats are full of holes worn by hat pins, and men's winter clothes are fit only for the moth.

A man who is nearly 80 years old, is sick, and says he can't imagine what is the trouble. We can tell him: he was born too long ago.

Men do not change much, after all. Three hundred years ago, a wise man wrote this: "A man knows little, who tells his wife all he knows."

"You are too good for me," a woman says, in the first days of their engagement; and after a while he begins to believe it, and looks further.

Don't keep so busy applauding the acts of those who are making a brave struggle, that your hands never get down to your pockets to help them.

TRAVELING IS DANGEROUS.

Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travelers, crumple, street car men, teamsters and all who drive very much suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. George H. FIRST News Received by the Family Of the Wreck In Which J. H. Johnston Was Injured, Was Conveyed to the Wife and Daughters by the Times-Democrat.

Victim of the Baltimore Accident Is
the Father of L. E. & W.
Conductors W. F. and
T. H. Johnston.

In the Associated Press telegraph news received and published by the Times-Democrat yesterday, appeared an account of a wreck that had occurred on a railroad at Baltimore, Michigan, and in which James H. Johnston, aged 70 years, of this city, was seriously injured. The Times-Democrat has since learned that the victim's name and age were correctly given, and that he is a resident of 384 east Kirby street. Mr. Johnston is the father of conductors William F. and Thomas H. Johnston, of the L. E. & W., and of Misses Bessie and Sadie Johnston, of the Glover and Winters millinery store. The injured man is also an uncle of conductor J. N. Johnston, of the L. E. & W.

The first information received by the members of the family, concerning the accident and of Mr. Johnston's injury, was that given by the Times-Democrat, and the receipt of the news was a severe shock to the injured man's venerable wife. The scene of the wreck could not be reached by telegraphic communication, and but little information, other than that furnished by the Associated Press reports, could be secured by the family until this morning, when it was learned that the injured man had been taken to the home of his daughter, Mrs. N. C. Walker, in Detroit, where he is constantly attended by a physician.

The wreck in which Mr. Johnston was injured, was caused by a collision between an electric passenger car and a steam freight train. The engine's tank was driven half way through the passenger car, and Mr. Johnston was caught in the wreck, and had his breast bone crushed. Owing to the shock will prove fatal. He had been in Michigan for about two weeks

traveling about, hoping to improve his health.

Mrs. Johnston, wife of the injured man, left for Detroit, this morning.

BASE BALL.

Reds Win a Decisive Victory
in Philadelphia.

The Enquirer gives yesterday's game, between the Reds and Philadelphia, the following general description:

Lightning hit the Quaker camp in two spots today. The first bolt sent three young innocents to grass without their meal tickets and the other scattered a barrel of pulverized alum all over the lot, causing as great a shrinkage in batting averages as there was in stocks in Wall street. Jack Sutthoff reached in and helped yank the first one from the Phillies himself. They were ahead just long enough to make a few people uncomfortable, but the one tally that gave them their early margin was the only thing in the way of the real goods that Philadelphia could accumulate. The Reds didn't start until late, but when they got to going they ran over the poor Penn-town athletes with all the mad abandon of French red devil increasing the death rate on the course to Madrid.

The result on diamonds in National league, resulted viz:

Wm. L. Reed, the Plaintiff,

Another Divorce Suit Which Brings
Trouble to the Surface After
Twenty Years of Married Life.

Nearly the entire morning session of court was exhausted today in the effort to select a jury satisfactory to the attorneys interested in the case of Wm. L. Reed vs the City of Lima. The plaintiff was represented by D. C. Henderson and the city by Wheeler and Bentley.

The action is one for damages, and is based on injuries alleged to have been sustained by the plaintiff, who received a fall on account of a defective pavement on Jefferson street, on Dec. 30, 1901. The statement is made that Reed stepped on a loose board, which tilted with him, and he fell in such a way as to dislocate his left ankle and rupture the muscles of his right groin. Varicose veins and a permanent disablement are said to have resulted on account of the accident and he has been prevented from performing manual labor. Twenty-four witnesses were summoned in the case.

Veterans Allowance.

The soldier's relief commission met yesterday and set aside the funds which are to be used for the next quarter. The allowance named is \$322 per month or a total of \$296. During the summer the allowance is much smaller than is allowed during the winter and this year is cut down to about half. The commission is composed of J. L. Hughes, Daniel Harpster and Loren Locke.

The Tetter Cup.

After nearly twenty years of married life, Mrs. Elizabeth Thiediek, has found it too strenuous, and now comes into court with a complaint against her husband, Frank Thiediek, on which she bases an action for divorce. They were married November 25, 1886, and have five children, the oldest of whom is 15 years, and the youngest 2. Habitual drunkenness for several years, is charged, and that habit of the defendant has compelled the plaintiff to support herself and children. It also led to cruelty, the petition alleging that the defendant frequently beat his wife, and children. Mrs. Thiediek asks the court to grant her a divorce and place the children in her custody.

Church Made Defendant.

P. H. Welch seeks to collect from the Presbyterian church at Gomer the sum of \$1125.88, which he claims to be due for material furnished to contractor W. A. Fisher, who erected the building. He claims in his petition that he presented a bill for \$358.23 which was due him before a settlement was made with the contractor but the trustees did not pay it. The remainder of the claim, \$767.65 is due for work done on the building after it was turned over to the church. Welch & Downing represent the plaintiff.

A License and a Wedding.

Rev. Anderson officiated at a wedding, which was solemnized at the court house this morning, the ceremony being performed in the upper probate court room. The contracting parties were Samuel Davis and Miss Winnie Baker, both of whom are from Spencerville. The groom has a cozy home fitted up for his bride and they left at noon to take possession of it.

FIRST News Received by the Family Of the Wreck

In Which J. H. Johnston Was Injured,

Was Conveyed to the Wife
and Daughters by the
Times-Democrat.

Victim of the Baltimore Accident Is
the Father of L. E. & W.
Conductors W. F. and
T. H. Johnston.

In the Associated Press telegraph news received and published by the Times-Democrat yesterday, appeared an account of a wreck that had occurred on a railroad at Baltimore, Michigan, and in which James H. Johnston, aged 70 years, of this city, was seriously injured. The Times-Democrat has since learned that the victim's name and age were correctly given, and that he is a resident of 394 east Kibby street. Mr. Johnston is the father of conductors William F. and Thomas H. Johnston, of the L. E. & W. and of Misses Bessie and Sadie Johnston, of the Glover and Winters millinery store. The injured man is also an uncle of conductor J. N. Johnston, of the L. E. & W.

The first information received by the members of the family, concerning the accident and of Mr. Johnston's injury, was that given by the Times-Democrat, and the receipt of the news was a severe shock to the injured man's venerable wife. The scene of the wreck could not be reached by telegraphic communication, and but little information other than that furnished by the Associated Press reports, could be secured by the family until this morning, when it was learned that the injured man had been taken to the home of his daughter, Mrs. N. C. Walker, in Detroit, where he is constantly attended by a physician.

The wreck in which Mr. Johnston was injured, was caused by a collision between an electric passenger car and a steam freight train. The engine's tank was driven half way through the passenger car, and Mr. Johnston was caught in the wreck, and had his breast bone crushed. Owing to his advanced age, it is feared the shock will prove fatal. He has been in Michigan for about two weeks

traveling about, hoping to improve his health.

Mrs. Johnston, wife of the injured man, left for Detroit, this morning.

NATIONAL Game Being Played by Bank Clerks Today.

The bank clerks of the city, are engaged in battle royal at the college campus this afternoon, where a game of base ball is being played. Reds Win a Decisive Victory
in Philadelphia.

The Enquirer gives yesterday's game, between the Reds and Philadelphia, the following general description:

Lightning hit the Quaker camp in two spots today. The first bolt sent three young innocents to grass without their meal tickets and the other scattered a barrel of pulverized alum all over the lot, causing as great a shrinkage in batting averages as there was in stocks in Wall street. Jack Sutcliffe reached in and helped yank the first one from the Phillies himself. They were ahead just long enough to make a few people uncomfortable, but the one tally that gave them their early margin was the only thing in the way of the real goods that Philadelphia could accumulate. The Reds didn't start until late, but when they got to going they ran over the poor Penn-town athletes with all the mad abandon of French red devil increasing the death rate on the course to Madrid.

The result on diamonds in National league, resulted viz:
